The Bakimo Fracturing and Well Servicing truck after it had been pulled from the fire at the wellhead. In the background may be seen the flames from the burning well shooting high into the air.

THE Editor's Viewpoint

We are usually in such a rush now days that we have but little time to look back to the past but it would seem that some things of historical value of the past should

be preserved.

A movement is now underway to preserve oldtime pictures of the Drayton Valley area, perhaps a suitable place will be found to display them publicly.

While we are on the matter of historical points of interest we should not forget Drayton Valley's "beginnings". The old log house and store of the Drake family is

just west of town, near the ball park site.

For those more recently come to Drayton Valley who may not know the first history of the town we might repeat it briefly. Drayton Valley was named "Valley" because the first store and post-office were in the Valley to the west of the present townsite. First

postmaster was Mr. Drake, who homesteaded the quarter where the Rodeo grounds are now located. Mr. Drake was killed in a tragic automobile accident on #10 Highway a couple of years ago while returning to Edmonton from Drayton Valley.

The settlement here was first called "Powerhouse" because a power project on the Saskatchewan River south of Drayton Valley near the former ferry site, was in the making when World War I broke out and the English capital which was to be put into the scheme was withdrawn. When the power project faded out the name of "Powerhouse" seemed inappropriate and Postmaster Drake looked around for a new name. The name of "Drayton" from an English town was chosen, and then the name of "Valley" added to it, to make our present "Drayton Valley"; rather a pretty name "Valley Grove".

It would seem that perhaps some move should be made to preserve the historic old log buildings which was the centre of the first community here. Perhaps a local civic organization could get behind a project to restore and preserve the two log buildings. Perhaps a plaque could be erected stating that they are, and when they were first built. If they were in some other communities they would long ago have been established as historical sites.

If anyone has old-time pictures

of Drayton Valley they will eventually be put to use to provide a pictorial background for the town and its growth. For the time being pictures may be brought to this office. If you do leave pictures here please be sure that your name and address, legibly written, is attached to same.

"Search for Talent"

The Fifth Annual "Search For Talent" show will be staged in Drayton Valley Saturday evening, March 19th, in Elks Community Hall.

This very entertaining show has drawn capacity crowds each time it has come to Drayton Valley. It is jointly sponsored by Associated Canadian Travelers and CPN Radio.

The local talent that the show finds out here is always very entertaining and after the amateur program is over the professional entertainers take over for almost an hour of very good entertainment.

This year, as usual, Tony's Mammoth is back as M.C. A magician will be on hand as part of the show.

"SEARCH FOR TALENT"

The A.C.T.-CPN "Search for Talent Show" got off for a good start in Drayton Valley Elks Community Hall at 7:30 Saturday evening with a bang-up capacity crowd on hand to see the performance. The show started off with some of the very good professional talent from CPN Radio giving a curtain-raising performance. After the introductory numbers the main business of the show got down to business, i.e. uncovering any talent which might happen to be in this district.

Twenty acts were scheduled and run off. They were listed as follows: 1. Roseta Muir, Violet Grove; 2. Robert Muir, Violet Grove; 3. Lucy Muir, Violet Grove; 4. Danny Hallett, Round Valley; 5. Smilla Michelow, Drayton Valley; 6. Pat and the Satellites; 7. Bob Haycock, Drayton Valley; 8. Barbara Wood, Starlet Reps and Louise Dent-fuk, Drayton Valley; 9. Ruby Salts, and Donna Valliquette, Drayton Valley; 10. Ernest Mal-owich, Drayton Valley; 11. Frances Maloney and Nina Reg-nick, Berrymore; 12. Omer Par-entess and the Riviera Cassavats, Drayton Valley; 13. Edith and Ethel Widemann, Berrymore; 14. Juanita Omes, Drayton Valley; 15. Margaret Haynes, Dray-ton Valley; 16. Sam Reich, Tom Jawak; 17. Fred Hunt, Round Valley; 18. Fred Hallett, Round Valley; 19. Colleen Hankins, Carmwood; and Terry McManus, Drayton Valley.

At the close of the show Act No. 13, Edith and Ethel Widemann were in first place, Act No. 6, Pat and the Satellites were in second place and Act No. 16 Sam Reich was in third place.

The Spotlight Parade show staged by the CPN professionals was tops this year. It has been an excellent show each year, but this year it exceeded former years in top-notch entertainment value.

The Spotlight Parade show featured the well-known Tony Blamont as Master of Ceremonies and Manager of the show, fast-talking, fast-moving Tony kept the show rolling at a fast clip and with clock-like precision.

BANQUET FOR BOXERS

Seventeen diners sat down to a turkey dinner in the Cadillan Room on Thursday evening, March 17. Occasion of the get-together was the awarding of the Cody trophy for the best all-around boxer of the year. Guests at the meal were four of Drayton Valley's top boxers, Ruffia Combs, Ken Watts, Orvin Combs, and Mervin Combs, and trainer Gordon Cross and Don Booker. The Combs boys are brothers; all trophy lads from Rocky Rapids, the sons of Mr. and Mrs. Ervin Combs. Ken Watts is a local boy, showing good promise as a fighter.

The Cody Trophy was awarded by Cody Construction Co. and will be awarded annually for the best all-around boxer of the year. Any boxer winning it for three years in succession will get to keep the large, handsome trophy.

Ken Watts also received trophies and awards for winning in his class at the Golden Gloves competition. And the other two, Orvin and Mervin Combs, have each made exceptionally good showings in their weight range.

On Friday and Saturday of this week Trainer Cross will take the three Combs boys and Ken Watts to compete in the Northern Alberta Championships at Wainwright. Cross expects that his

(cont. page 10, col. 5)

William L. Copeman was born in Semans, Saskatchewan, where his father was road foreman for the municipality. Bill took his schooling in Semans before leaving for the East in 1935, where he worked in Ontario until he joined the Airforce ground crew in 1941. He was stationed in Canada and Alaska during the war, and was discharged in Vancouver, B.C. in 1946. He tells of the "eventful ten days" in 1946, when (1) He was discharged from the army, (2) He had a birthday, (3) He got married. All within the space of ten days.

He returned to St. Catharines, Ontario, where he joined a shoe company and managed those stores until he came to Alberta in 1948.

OIL WORKER LOSES FOOT IN ACCIDENT

A freak accident on Saturday morning at Peter Bowden Rig No. 12, in the Breton area, put young George Shave, (20) in Drayton Valley Hospital, where his foot and leg were amputated just below the knee.

According to Mr. Shave his foot got caught between the substructure and the beam, and as the cat which was moving the substructure, pulled ahead it crush-

(cont. page 10, col. 4)

Arriving in Alberta he spent most of the time on the road as shoe salesman until July, 1955, when he came to Drayton Valley to manage McKenken's Shoe Store.

While travelling as a salesman Mr. Copeman was a member of Associated Canadian Travelers and since coming to Drayton Valley he has been very active in work with A.C.T. in their big project of conducting "Search for Talent" shows in aid of Crippled Children. He has handled all local applications for a spot on the "Search for Talent" show here.

Bill has been a member of the Curling Club since it was first organized here, and has been treasurer for the club for the past two years. A charter member of the Drayton Valley Branch of the B.P.O. Elks, he was Leading Knight for two years, and is now a trustee. He has also been a member of the Drayton Valley Canadian Legion since it was first formed. While the Kinsmen Club was functioning in Drayton Valley, he was a charter member of the organization.

He married Sylvia Robertson in Vancouver in 1946. The Copemans' have two children, Leonard, 12, and Terry, 8. Mrs. Copeman, too, has been an enthusiastic worker on many community projects. She is a member of the Ladies Curling Club.

Staff Photo

The above picture shows, (left) Fred Bengston, superintendent of Cody Construction Company which donated the Box-of-the-Year Trophy, Ruffia Combs, first winner of the trophy, and Gordon Cross, trainer of the budding young boxers in the Pembina Boxing Association, which is a part of the Drayton Valley Athletic Association. The large trophy Ruffia is holding is the Cody Trophy and the smaller ones represent awards for the Best Right Hand, and the best in the Novice Class. Ruffia is wearing the Robe and trunk he won as best novice boxer, in the recent Golden Gloves competition in Edmonton.

YOUNG GRL WANTS RIDE TO EDMONTON SAT SATURDAY MORNING. PHONE 157

From Scoop's Notebook

"A Deep Depression" story is told of a butcher on the main East-West line of one of our railroads who got "dinged" by booze passing through the town on freight so often that he finally went "way off his rocker."

Removed to a mental institution by the boys in the white coats, all he could say, was: "Any old scrap? Much do you stuff. Some going east and some going west. Such do you stuff."

In this oil patch somewhat similar conditions exist. Some are going, some are coming, all the time. Scoop'do your stuff.

So it is, on Tuesday evening the boys hold a party in the Legion Hall for Bank Accountant Mike Ron who is leaving to take up duties in an Edmonton branch of the Royal Bank of Canada.

While the boys were bidding Mike Adieu, (and presenting him with a nice radio) they were also greeting newcomer Ronald Parry, who will take over Mike's duties at the bank.

Born in Edmonton, Ronald came to the Drayton Valley branch from Spirit River, up in the Peace River country.

23, and single, Ron confided to this reporter that he could be persuaded to change his marital status, since this is Leap Year.

This all happened so long ago. It is hardly newsworthy anymore. But something rather similar happened recently with Constable "Skip" Wilson, of the Queens' R.C.M.P. detachment in Drayton Valley.

Skip was one of the first constables stationed here when the Drayton Valley detachment was first set up. Skip was transferred to Hinton.

Several transfers and one marriage later Constable Wilson was transferred back to D.V. again.

Quite a goodly number of the "old-timers" (54, 55) who were in Drayton Valley when Skip first came here, got together to welcome him back to (cont. page 11, col. 1)

Notice is hereby given that the Council of the Town of Drayton Valley invite tenders from all interested parties for the purchase or rental of the rental of the Old Police Station Building located on Block Four on the south side of 52nd Avenue. Tenders are also invited for the rental of the Old Police Station Building located on Block Four on the north side of 51st Avenue.

All tenders to be in sealed envelopes and marked Buildings Tender.

TOWN OFFICE STAFF MOVES TO NEW TOWN HALL

TOWN OFFICE STAFF MOVES TO NEW TOWN HALL

STAFF PICTURES.

Drayton Valley's Town office staff have recently made the move into their fine new quarters in the new Town Hall. Seen above is Town Secretary-Treasurer Bill Johansson as he uses the phone in the office.

All of the furniture has not yet arrived for the various offices and departments, but it is expected that it will all be here shortly and at that time the move will be complete for all Town Departments. The new Town Hall will house the town office, the Water Department office, the Police Department, Council chambers, Town Works Department office, and many others!

On the lower floor will be the Library office and perhaps an office for a Civil Defence Unit.

Leading by a wide margin at the close of the show in Drayton Valley were Edith and Ethel Widemann, twenty-two-year old twins. The girls selected as their lemur, "I'm not a lemur, I'm not a lemur, I'm not a lemur."

The girls selected as their lemur, "I'm not a lemur, I'm not a lemur, I'm not a lemur."

The girls selected as their lemur, "I'm not a lemur, I'm not a lemur, I'm not a lemur."

The girls selected as their lemur, "I'm not a lemur, I'm not a lemur, I'm not a lemur."

REPORT FROM PARLIAMENT HILL

By Hugh M. Moser, M.D., M.P.
Jasper-Edison.

Last year the Federal Government passed the National Hospital Act, an Act which provides a national system of hospital insurance in conjunction with the Provinces.

The formula for Federal assistance is briefly:

- (1) 50% of per capita cost of in-patient services in Canada;
- (2) 20% of per capita cost of that Province less the authorized charges multiplied by the average for the year of the number of insured persons.

The effect of this formula is that high-cost Provinces receive a lower percentage of their costs than do low cost Provinces. Generally speaking, Federal contribution amounts to approximately one-half of the Provincial costs. In Alberta the percentage is around 48%.

Shareable costs are outlined as the operating costs of the hospital. Capital costs of land, buildings of the physical plant and interest on capital debt are excluded. Costs of equipment and furniture are shareable.

While building costs are not shareable.

	1958-59	1959-61 Estimates
Professional Training	35,868	126,398
Industrial Construction	1,126,942	1,361,175
Venerable Disease Control	37,368	(under public health)
Mental Health	540,699	631,253
T. B. Control	272,828	210,975
Public Health Research	13,386	129,900
General Public Health	616,718	1,007,580
Cancer Control	231,696	252,063
Laboratory and Radiological Services	492,641	(in Hosp. Ins. Scheme)
Medical Rehabilitation	80,901	189,708
Crippled Children	37,368	126,413
Child and Maternal Care	66,520	
Totals	3,519,876	4,636,701

This makes a total contribution to the health of Albertans from the Federal Government of over 30 million dollars per year and this will be increased in the coming year as is shown by the second column.

YOUR FAMILY ENTERTAINMENT CENTRE.

Letter To the Editor:-

Dear Sir:

In your recent edition of the Femina News Advertiser of March 3, 1960, the article by Danita Belling has been brought to my attention. Will you please be kind enough to find room in your Newspaper for the following article which I have prepared and feel that I must submit on behalf of the Water Safety Instructors whom I have trained, and the philosophy that we have taught to these people and then to the multitudinous number that have been trained by our instructors. For instance, each year an average of 170,000 men, women and children are enrolled in Red Cross Water Safety classes throughout Canada.

These classes approximately 22,000 of the Canadian total.

To all these people we have taught that swimming in irrigation ditches and rivers is dangerous. The most common danger is the fact that these waters may be polluted and can often be polluted from day to day. Secondly, the water is usually turbid and should anyone get into trouble no-one, no matter how well trained, can assist him.

Also the water is cold and is more conducive to cramps while swimming.

Federal Government payments to Alberta in 1958-59 will be \$17,235,103.70.

As well as this payment on hospitalization, the Provincial Government receives the following Health Grants from the Federal Government:

We feel that a swimming pool is, of course, as safe to the community but it is not advocating the construction of a swimming pool. This is a problem to be settled by the people of the community. However, I may quote that a swimming pool can prevent many many accidents and regardless of what people think, once a person goes used to the swimming pool, the warmth of the water, the clarity of the water and the pleasant surroundings, the accessibility and the supervision - they are not as apt to expose themselves to the slough and to the common dangers found at the slough, the irrigation ditch, or the river.

I would like to point out that this we teach Water Safety in conjunction with swimming. Agreed that swimmers drown but a swimmer who has been taught Water Safety will have a definite respect for the water. I would like to mention also that in Water Safety classes the people are taught that life jackets should be worn when participating in water sports such as boating and skiing. Again, I might say that I feel that the Canadian Red Cross Society Water Safety Service has done a great deal towards the prevention of loss of lives through drowning. For example, let us look back in 1959; we had over 70 deaths through drowning, an fact 75. With the increased number of people taking part in water sports, and I consider swimming a water sport, the total number of drownings last year was 55.

Let me point out something else.

Everyone, I am sure, will agree that the number of boating accidents have increased; to have the danger in proportion to the number of people participating. However, upon checking with the Customs Office in Edmonton, I have been told that three years ago 200 boats of 10 Horse Power or more were registered in Alberta and in 1959, 5000 were registered. What ever way you look at it, I feel quite certain that the joint program of the Canadian Red Cross Water Safety Service and the Alberta Safety Council in boat safety demonstrations and artificial respiration have done a great deal to prevent needless loss of lives through drownings.

The other aim and objective of our Service is to promote a healthful form of exercise and recreation activity. I would like to call your attention to the Duke of Edinburgh's presidential address to the Canadian Medical Association in 1959. In this address he reveals some startling news with regard to the health of our youth in Canada. In one part he states and I quote, "This very standard of living which we are so proud of and which seems to be the goal of all the nations of the world is having the same effect on the community as a plaster cast has on the muscles of the body." In another part he mentions and I quote, "I think it is reasonable to assume that the root of this problem of sub-health lies in the state of the physical fitness of the younger generations and therefore it is that there is a connection between emotional instability, low level efficiency, and delinquency. The latest and the latest are equal measures to society. If anyone is interested in obtaining the complete address, they may write to the Health League of Canada, 111

Very truly yours,
A. G. Gilmet, Director
Alberta Division
C. R. C. S.
Water Safety Service.

Two drunks wandered into a zoo and stopped in front of a lion's cage. They stood watching the animal a few minutes and suddenly it let out a roar.

"C'mon, let's go," said one of the men.
"Go ahead if you want to," responded the other, "I'm gonna stay for the movie."

Their car having collided, he and Pat were surviving the drive home. Joe offered Pat a drink. Pat drank and Joe returned the bottle to his pocket.

"Aren't you going to have a drink yourself?" said Pat.

"Not until the police have been here," said Joe.

WE HAVE A COMPLETE LINE OF TIMBERS AND BIG MATTING, ETC.

FOR THE OIL INDUSTRY

HOME-BUILDERS WILL FIND ALL THEIR NEEDS HERE. CEMENT, LINER, ROOFING MATERIAL, INSULATION, PLYWOOD, HARDWOOD, SASH AND DOORS, ETC.

Avenue Road, Toronto.

Swimming is one of the best forms of exercise known and one thing which I like about it is that you can do it when you are four years old and you can do it when you are ninety. The better you learn to swim, the more you increase your own enjoyment in this particular sport. May I also mention that in the general swim program we have more girls registered than boys. Possibly this is because there is very little organized activity for girls during the summer months.

In closing, Mr. Editor, I should like to thank you very much for this opportunity to be able to bring these few facts to the people of Drayton Valley. May I wish them success in whatever they choose to do with their talent. I am sure that this is causing them a fair amount of discussion as to its best use.

Very truly yours,
A. G. Gilmet, Director

"C'mon, let's go," said one of the men.
"Go ahead if you want to," responded the other, "I'm gonna stay for the movie."

Their car having collided, he and Pat were surviving the drive home. Joe offered Pat a drink. Pat drank and Joe returned the bottle to his pocket.

"Aren't you going to have a drink yourself?" said Pat.

"Not until the police have been here," said Joe.

CHOIR TO PRESENT EVENING OF SACKED MUSIC

The Concordia Chorists of Edmonton will appear in a Sacred Concert, on Sunday, April 3 at 8:00 p.m., in the Emmaus Lutheran Church in Drayton Valley.

Their visit is being sponsored by members of Emmaus Lutheran Church, the Rev. John Karlan, Pastor.

These fifty boys and girls are students of Concordia College in Edmonton. A residential school organized in 1921 and operated by the Lutheran Church, Mission Synod. In past years the youthful voices have been heard repeatedly over the networks of the Canadian Broadcasting Corporation, and in the Edmonton Jubilee Auditorium.

Conductor of the chorists is Dr. Albert H. Schwermann who served as first principal of Concordia College for thirty-three years. He has led chorists since he came to Canada 47 years ago. "Some of the members of my first choir in Mellowdale" said Dr. Schwermann, "came to rehearsal with ox teams. Since grand pianos and pipe organs were not known among the housewives in those days, we used a sifter to accompany the singers. Occasionally a string wood snap, but the music went on."

The program of the chorists to be heard on April 3 is composed of selections from the masters, old and new. (1) "Praise the Lord, In Heaven Adore Him" an old Welsh tune; (2) "Come Holy Ghost, God and Lord" a 15th century melody; (3) "A Faithful Shepherd is my Lord" by Beethoven; (4) "Oh, Jesus! Grant me Hope and Comfort" by Franck; (5) "Oh, Jesus, My Sweet" by J.S. Bach; (6) "The Prayer Carol" by Marryott; (7) "And the Glory of the

Loaf" by Handel; (8) "There was a Great Darkness" Hayden; (9) "The Sufferer in Christ" by Volpert; (10) "Oh, Rest in the Lord" by Mendelssohn; (11) "Oh, Bless the Lord" by Ivan Tjipicoff; (12) "Arise, Arise" old Choral; (13) "Laila He Comes with Clouds Defending" by Williams; (14) "Behold a Host Arrayed in Light" a Danish Folk Melody; (15) "Hallelujah Chorus" by Handel.

Miss Marjorie Schwermann, daughter of the conductor, will serve as the accompanist. The concert will begin at 8:00 o'clock in Emmaus Lutheran Church. Every one is heartily invited to attend this presentation of sacred music, by a fine group of singers.

Conductor of the chorists is Dr. Albert H. Schwermann who served as first principal of Concordia College for thirty-three years. He has led chorists since he came to Canada 47 years ago. "Some of the members of my first choir in Mellowdale" said Dr. Schwermann, "came to rehearsal with ox teams. Since grand pianos and pipe organs were not known among the housewives in those days, we used a sifter to accompany the singers. Occasionally a string wood snap, but the music went on."

Rector Presented with Gifts

The picture to the right shows the presentation of a Traveller's wardrobe bag, and a hand carved wallet containing a sum of money, which was presented at a going-away gift to the Reverend Alas Swinton by Drayton Valley All Saints Anglican Church congregation.

Mr. Lester Miller, one of the oldest members of the church in point of service and attendance, is shown in the picture after having made the presentation to Mr. Swinton on behalf of the congregation.

The church has made good progress in the past two or three years, a large new rectory has been built, and plans are underway either for the construction of a new church or the enlarging of the present one.

Mr. Swinton will go to serve the La Vie Parish where he leaves here.

The church has made good progress in the past two or three years, a large new rectory has been built, and plans are underway either for the construction of a new church or the enlarging of the present one.

Women's Open Bonspiel

Drayton Valley Rink, winner of the Second Event, Betty Lundberg, Vivian McMahon, Barbara Cary and Peggy McMahon.

Drayton Valley's Third Annual Women's Open Bonspiel was held in the Drayton Valley Curling Rink, March 18, 19 and 20. Winner of the Grand Challenge Trophy, donated by Pembina Pipe Line Ltd. was an Edmonton rink, skippered by Doreen MacRae, with Bernice Studer 3rd, Edith Struder, 2nd and Betty Fleming, Lead. Second Event, a trophy donated by Rex's Radio and T. V.

was won by a Drayton Valley rink, skippered by Barbara Casey, with Peggy McMahon third, Vivian McMahon 2nd, and Betty Lundberg, Lead.

A total of 28 rinks were entered, of which 17 were local rinks and 16 from outside points, such as Edmonton, Stony Plain, Spruce Grove, Camrose, Devron, Lodgepole and Ennerville. Due to the unusually high temperatures the ice was soft and heavy.

JEHOVAH'S WITNESSES,

(continued from page 5)

ing through this swamp is a narrow path that follows from ground until it finally comes to a new world. That narrow path is the way of Christian integrity. Jesus spoke of the narrow path of life in his sermon on the mount. "Narrow is the gate and cramped the road leading off into life, and few are the ones finding it," Matt. 7:14.

"I believe in God. I go to church that is all I need." An honest statement, yet is it true? Do the more than 385 different religious faiths in North America constitute the narrow road to life? Can one go from one to the other and still expect to reach the final goal? Jesus answered the question when he said "broad and spacious is the road leading off into destruction." There is only one path of conduct that is pleasing to the Creator. Paul realized this when he instructed the Ephesians "Keep strict watch that how you walk is not as unwise but as wise persons," Eph. 5:15.

How many to-day know where they are going or can be sure that the path they are following is sound? God well knew that man would need something to guide him. He knew that there would be deceptive paths leading off in many directions that would thoroughly confuse people. He provided man a guide by giving him the Bible. "Your word is a lamp to my foot, and a light to my roadway," Ps. 119:105. By means of the Bible God is saying "This is the way walk ye in it," Isa. 30:33.

The only way that one can stay on the narrow path and gain God's gift of everlasting life is to determine what He requires and to do it. "This means everlasting life, their taking in knowledge of you, the only true God, and of the one whom you sent forth, Jesus Christ," John 17:3. Test yourself - when was the last time you read the Bible? Can you find the ten commandments or the sermon on the mount? When faced with a decision do you make it in accord with sound Christian principles found in the Bible, or is your decision based on the principles of selfishness or expediency. To gain God's favour we must follow Paul's advice to the Romans "Be transformed by making your mind over, that you may prove to yourselves the good and acceptable and complete will of God," Rom. 12:2.

If you would like to hear more of the Bible's instruction to us, you are invited to attend a free Bible lecture entitled "What does it mean to be a Christian?" to be given at 2:30 p.m. next Sunday, March 27th at the Kingdom Hall of Jehovah's Witnesses. The speaker will be Mr. W. J. Prince travelling representative of the Watchtower Society.

ALL SAINTS CONFIRMATION
(continued from page 5)

"Consecration". He pointed out that the word "consecration" carries two meanings. First, as in Baptism, "to be touched by God and to be claimed by God", and second, "to fill up the hands of."

He stated that in Confirmation the confirmed had his hands filled with those things he would need to be a full-time Christian.

The Archbishop said, "...What ever God asks you to do, He gives you power to do..." He further stated that God would fill with spiritual courage. In conclusion the speaker said, "No one has ever yet failed in the Christian life by trying too much, or by believing too much..."

Following the confirmation service which was held in the Dayton Valley Church the group went to the Elks Community Hall where refreshments were served and a presentation was made by the congregation to the Reverend Alan Swinton, who leaves soon to serve another parish in Lac Le Biche.

D.V. Highlights

By: Edith Deby

LADIES AND GENTLEMEN:

The W.I. invites you to hear Mrs Winifred Stewart, Principal and Founder of the Edmonton School for Retarded Children, in the Public School Auditorium, on March 25, at 8.15 p.m. A silver collection will be taken.

Mrs Belinda Alton was the winner of the beautiful Hudson Bay four-point blanket raffled by the Farm Union last Thursday, right after their wheel party.

On St. Patrick's Day one of our more prominent citizens was wearing a rather unusual green tie. A second look showed it to be a one dollar bill.

Shall we be seeing you on Saturday evening when the High School students present their play and the Barbershop Chorus sing for us?

Mrs Walter Krause is a very busy person just now with the many details involved in moving the library to its new quarters.

Mrs Linda Schmidt has been accepted by the Navy and expects to leave for basic training early in April.

C. J. Frank has just received a promotion and transfer. He is to go to Swan Hills as manager for Imperial Lumber.

Mrs and Mrs Gordon Bowman will soon be back to live here.

On Monday evening the W.I. held its regular monthly meeting. Mrs Wahelov, newly arrived in Drayton Valley from Tomahawk, joined our group. Mrs Dudley Edmonds and Mrs Belinda Alton were guests.

Mrs Nozby reported on the Pembina Playmates Girls Club. The girls are making gratifying progress.

The W.I. will hold its annual Strawberry Tea, Bake Sale and Bazaar on June 4 in the Elks Community Hall.

Mrs Frank Chipchase, newly elected Handicraft Convener, is making plans for our display at the Continuity Conference.

The W.I. send congratulations to the Salvation Army and Oliver Manta's Institution.

Mrs Leslie Oscar gave a splendid talk on "The Indian and His Problems". In summing up Mrs Oscar stated that each of us should take practical steps to help.

Mrs Christofferson was hostess.

and Mrs Chipchase had the competition which was won by Mrs Edmonds.

The April meeting will be held at Mrs Moore's home on the 25th.

(Members will notice the change of date necessitated by the Easter holidays)

REPORT FROM LEGISLATURE

By Mrs. Cornelia R. Wood, M.L.A.

The debate on the budget continued through the fifth week of the Legislature. Honorable A.R. Patrick, Provincial Secretary, leading off on Monday, explained the recreational grants and the work of the Research Council of Alberta, of which he is Chairman. He reported 267 rural electrification associations in the Province under which 50,000 farms were electrified. This means, he said, 75 percent of Alberta farms have been electrified.

Agriculture Minister L.C. Hartman speaking in the Budget Debate on civil defence gave the warning that in any future war, Alberta would be in direct pathway of attack on the U.S. and as a result would be subject to nuclear bomb attacks from aircraft falling to reach their target and dropping their bombs when in the air or by aircraft crashes.

Ernest Watkins, (P.C. Calgary-Glenmore) the second opposition member to speak in the Budget Debate accused the government of counting too much on the oil and natural gas industry to bring in revenue for our Province. He voiced the opinion that world production of these products is exceeding demand and the major oil companies with international interests may close down further production in Alberta.

Hon. N.E. Williamson, Minister of Lands, Forests and Wildlife stated that there were 39 Provincial Parks in Alberta and grants are being made available to rural municipalities for recreational development in municipal parks. Forestry roads being built are providing reasonable access and opportunity for all our people to enjoy camping, hunting and fishing in a "Wilderness Solitude" he said. Mr. Williamson expressed concern over the farmer-hunter relations during the hunting season and he blamed this on a few hunters showing disregard for private property.

Hon. R. Rasmussen, Minister of Labor, in dealing with the work of his department, stressed the good relations between his department and the workers of Alberta. The amendments to the Labor Act are designed to maintain and extend those excellent industrial relationships and to protect the right of workers to belong to the trade unions of their choice.

The third member of the opposition to enter into the debate was F.L. Gale (Ind. Red Deer-Cochrane). He gave the warning that "the golden age for oil" may be ended by 1967 or 1972 at the latest. He said that using his common sense and logic, he predicted that Premier Manning would not accept the leadership of the Federal Social Credit party.

Chester Sayers (S.C. Camrose) dealt with the farm situation and the inadequacy of the Federal-Provincial Unshared grant program for farmers in general.

He spoke of the price "squeeze" in which farmers find themselves and gave a vivid account of the depopulation of farms.

The debate ended on Friday after some 400 hours of testimony. Hon. E.W. Himmelman closed the debate and explained the methods of preparing the budget. He said the Government aimed to give the people every desired service which could be afforded; tried to avoid necessities for new taxes for services; get all returns possible from natural resources without discouraging their expansion; give every encouragement to industry and development; give co-operation with the federal government in any plans to benefit our people; and give leadership in policies for agriculture, public works, education and highway construction.

After the close of the debate the Assembly went into Committee and in a short time passed estimates amounting to \$3,791,700, for payment on public debt.

On Tuesday E. Watkins (P.C. Calgary-Glenmore) introduced a resolution asking the government to hold a public hearing on daylight saving time. Chester Sayers (S.C. Camrose) adjourned debate. The resolution re Monetary Reform continued this week and it provided a field-day for Social Crediters. Mrs. C.R. Wood (S.C. Stony Plain) traced the history of money and credit and charged that Canada and all countries of the world are using a "theft" money system. She said the Bank of Canada was set up by the Federal Government and charged with a duty to help the people of the nation. It is not doing it and there is no reason why the Federal Government cannot change its constitution to make it work, or if it is not being administered properly, then the Federal Government should disband those in charge and replace them with persons who are capable of making the Bank of Canada work for all the people.

Mr. A.J. Hooke stated that the big Corporations and financiers controlled the amount of money the government was allowed to use. After reading from a pamphlet which described the Bank of Canada as a "simple little building" Mr. Hooke suggested it might be time for the money-changers to be thrown out of the temple again.

Amos Holowach (S.C. Edmonton Centre) stated that the return of control of the monetary system to the people is the fundamental problem of our time. He said there was severe criticism by old line party supporters when the Alberta Government paid \$20,000 dividends to Albertans, but they are "conspicuously silent about the \$12,500,000 the Federal Government pays weekly at interest on our own money, but pays it from our taxes."

M. Macgregor (Lib. Lac La Poudre) said he was going to support the motion asking the Federal Government to remedy defects in the National economy, for he was agnostic poverty, but he did not accept all the fiscal theories of Socialists. Hon. Gordon E. Taylor adjourned the debate.

Thursday was another Private Member's day and a resolution brought in by R. Watkins and seconded by F.L. Gale was lost on a standing vote after Hon. R. Rasmussen, Minister of Labor explained that a committee was being set up to review the entire Workers' Compensation Act for revision next year. The resolution asked that action be taken this session to increase pensions to widows and children under the Act.

In answer to a question about the X's on the pavement, Hon. Gordon E. Taylor stated that they marked the spots where road engineers had conducted tests to determine how the highway was standing up. They are a mile apart and are made monthly. The white circles with dots in the centre show where random tests are made.

Continued study was made on the public accounts and 24 bills were introduced during the week. Eight private bills received second reading and now go before the Private Bill Committee on Monday.

H. J. Hartley, Minister of Public Works and Highways, stated that his department conducted the Members throughout the University Campus and several of the buildings under construction. The trip through the Physical Education building was of special interest. This building at a cost of \$2,700,000 is primarily for teaching, but also provides for recreation on a scheduled basis for both students and faculty. During the past two years \$26,000,000 of Provincial Government money has been made in University buildings and for this coming year, \$17,000,000 is budgeted for finishing all those started.

Food for thought

By: Danita Boling.

A Call to Arms! On Monday March 28th from 3 to 4:30 p.m. and 7 to 9 p.m. you can march yourselves right over to the School Auditorium, loan the money you arm for last a piece of time and they will do the rest. The Red Cross Blood Bank, sponsored by the Drayton Valley Chapter of the Alberta Association of Registered Nurses will be attempting to reach their quota of 300 pints of blood for the Clinic, and so that we, here in Drayton Valley, will have replenished the Blood Bank for at least part of what we use each year. Last year, at this time, we were discussing the need for blood in case of emergencies and tragedies. This year we can look back on a record of some startling and tragic emergency. We should need no further proof that it can happen here! The Nurses Association with the cooperation of practically all of our Civic Organizations and interested individuals have things all arranged so that you hardly have to lift a finger to make your contribution. You'll be fed and pampered like a baby and chauffeur plus baby sitting service will be at your door if you will call Mr. Rendell, phone 375. If you are driving yourself you'll find arm signs marking the route to the new school. You've never had it so good! Remember, all that you have to do is to loan the money you arm! They certainly won't chop your arm off so quit shivering in your boots. In a "Blood bank" not an "arm bank". If you are one of those who "feels funny" about donating blood just remind yourself that the Blood Bank is an "unfunny" cause that is worth feeling "funny" for. Rumor about town has it that the people living here, or a large percentage of them, don't give a hoot about any community efforts. What a condemning and miserable thing to have put on our doorstep. If the quota of 300 pints of blood are obtained at the Blood Bank then we can all lift our heads and honestly deny the accusation. So on March 28th remind yourself, your family, your neighbors and your friends of "The Call to Arms."

What I saw March 21st in the Hotel Dining Room. I saw a group of grown men gathered together for dinner, beaming with pride because they were there to pay homage to one of our fine young men of the local Bowling Club. There just isn't any thing that can beat a "job well done" and the Board of Directors of the D.V. Athletic Association were there with smiling faces to tell Rufus Combe and Ken Watts that they had done just that. These young men represented Drayton Valley at the Optimist Golden Glove Tournament in Edmonton, recently, and they put on us on the map! Rufus walked off with Best Novice Bowler in the light weight class as well as gopher trophy for the Best Right Hand! Ken Watts, not to be outdone, wrote the crown for Best in his class, 140 lbs. and under. Rufus gathered more laurels at the testimonial dinner when Gordon Cross presented to him the very impressive trophy, donated by the Cody Construction Company, which goes to "The Outstanding Boy of the Year of the Drayton Valley Bowling Club". The trophy and prizes they have been won by the boys who display but the real tribute came in the form of the compliments and pride shown by the men of the Athletic Association in conveying their appreciation to the young winners. Mr. Jack Falls, President of the Association, a man who is unselfishly dedicated to boyhood and youth, extended the heart felt thanks of the Association. Ken and Rufus, true sportsman folk, accepted the praises bestowed and insisted that Mr. Gordon Cross and trainer Don Bookler, who had helped them so much, should share in the glory and credit. Thus my eyes seemed an occasion that our whole town should enjoy. The room should have been full to overflowing with men and women, the Chamber of Commerce, the Council, the Mayor, everybody should have paid homage to these young men who have trained and worked hard to attain a goal that has given Drayton Valley recognition and a good name in the world of sports.

that reaches beyond our own horizons. Isn't that what we are worth? With sixty six worth of distance too, Yours is the earth and everything that is in it. And, which is more, you'll be a Man, my son! (Rudyard Kipling's "If")

Manicure! (to playboy, in bar, but clearly, "I don't think I ought to go out with you, I'm married." ed. "Get a boyfriend!"

Playboy "Ask your husband. You sure he won't mind." Manicure: "You ask him, he's shaving you." The blonde teacher wrote on the blackboard "I ain't never had no fun at the seashore." She then turned to her pupils, singled out one of them and asked, "How can I correct that?" Little Tommy at once responded to go out with you, I'm married. ed. "Get a boyfriend!"

SEARCH FOR TALENT (cont.)

Hammour and Magician with the troupe was Walter Madson. Mr. Madson has one of the largest collections of magical effects in Canada, and he uses them quite professionally and effectively. A young Scottish entertainer, Johnny Forrest, provided good music with his adept handling of the accordion and his talented singing.

Jack Wallace, Western vocalist and guitar player, really had the young set solidly behind him with his Western and Rock 'n' Roll numbers, but the older folks weren't too far behind the team in enjoying Jack's playing and singing.

Roberta Pike has what it takes to get along in this world, beauty and talent, both of which the audience out in front appreciated very much. Miss Pike performed a number of excellent dance numbers and "doubled in brass" in other parts of the show as well, much to the very evident enjoyment of the males in the audience, and, undoubtedly to the females also.

Mrs. Matty Krutts, whose husband, Leo, is stage manager, was pianist and accompanist. Technical Engineer, in charge of lighting, sound, taping and broadcasting arrangements was Bob Robertson, who is now putting in his eleventh year with the show, which represents some 200 Saturday nights away from his home. Executive Director for the show was Jack Benbow, who has twenty-five years in show business to his credit.

There are many worthy causes for which various organizations work; very, very worthy is the cause for which The Association of Travelers and Edmonton Radio Station CFRN combine their energies and their talents to help Northern Alberta Crippled Children.

ed Children. All monies raised from the efforts go toward helping in the rehabilitation of crippled children.

Every Saturday night for some twenty or more weeks each year the group of A. C. T. Teds and the CFRN troupe goes out to communities around Edmonton to conduct the famous "Search for Talent" show, and to stage, as part of the entertainment, the professional "Spotlight Parade".

An added attraction was the "Hillbilly" group who came out with the CFRN group.

One note of particular interest arising from the show on Saturday night was an unannounced, unexpected dance number put on by a little Drayton Valley girl, three-year old Debbie Holmes. First dancing in front of the music of Jackie Wallace just below the footlights this little red-head was taken to the stage, where she waited in the wings like a veteran trouper until the last number was over and then she put on a little dance act to the guitar music of Wallace.

Another unadvertised feature was a hula dance number, complete with grass skirt and lei, and little else, done by A. C. T. Captain Peter Bryant to fulfill a promise made by Tony regarding a certain amount of money to be raised for Crippled Children. The quote was reached so Peter danced. Mr. Bryant calls regularly each week on Drayton Valley merchants in his line of business, and so it is quite well-known here.

The Hula dance number concluded an excellent show, amateur and professional. The dedicated group of men and women who staged the show here deserve our every support whenever possible, but particularly each year as they come back to this district

LUTHERAN CHURCH NEWS

Lutheran Ladies Aid Society meeting held March evenings with ten ladies present.

Our meeting opened with the reading of Psalm 119 followed by a prayer by Dorothy G. Bendfield.

The minutes of the last meeting were adopted as read with one change being made.

Treasurer's report consisted of \$174.02.

Maoni Schneider read a very interesting letter from the President of the L. W. M. L.

Dorothy G. Bendfield read the constitution of the L. W. M. L.

Our first L. W. M. L. meeting will be held April 6th. All ladies are asked to bring their mite boxes. Eleanor Milner moved we have a miscellaneous kitchen shower for our next meeting, second by Ella Holmes.

Lorraine Fehr and Naomi Schmel der will be cleaning the church for the month of April.

A cleaning fee is to be held on April 11th, the purpose is to clear the church well for Easter.

A motion was made to order flowers for Easter Sunday. Dorothy G. Bendfield moved our meeting be adjourned, second Rose Oswald.

A lovely lunch followed by Dorothy G. Bendfield. OUR NEXT MEETING WILL BE ON APRIL 24th.

OL WORKER LOSES FOOT IN ACCIDENT (cont.)

ed his foot and ankle. Wooden beams had been laid down on the ground and the substructure laid on top and it was between the two that the lad unfortunately had his foot caught.

The rig had been laid down (it) after break-up and that was to have been the last day young Shave worked until after the spring breakup. Mr. Shave lives

in the Breton area, where his father is farming about five miles out of the town of Breton.

The attending physician, Dr. Waugh, states that the young man is making an excellent recovery.

BANQUET HELD FOR BOXES (cont. page 1)

boys will bring trophies back from those competitions, to add to those already won which make a very good showing for a club which has only been operating for a year.

Mr. Crow expressed appreciation for all the donations and help received in the past year since the club was first organized.

Overheard: "Your salary raise will become effective just as soon as you do."

HEAD OF SCHOOL FOR RETARDED CHILDREN SPEAKS

On Friday night, March 25th, Mrs. Winifred Stewart, Principal and Founder of the Winifred Stewart School for Retarded Children in Edmonton was the speaker at a public meeting held in the Elementary School Auditorium in Drayton Valley. The meeting was sponsored by the Women's Institute of Drayton Valley.

Mrs. Stewart told of her work among retarded children. A long-ignored issue, Mrs. Stewart was attracted to work among retarded children when their son, due to a brain injury at birth, turned out

to be a retarded child with a very low I.Q. She started the school in Edmonton as a dedicated project to help her own child and other children as well as make adjustments to normal living; stressing vocational teaching particularly.

The school has 100 children at present, divided into nine classes. There are fourteen regular teachers and 20 volunteer assistants. Mrs. Stewart is principal. Among those whom the school is teaching are many who are very seri-

ously severely retarded, some with I.Q.'s below 50. Most of them are the result of brain injuries of various kinds, cerebral palsy, etc. The program is set up to fit the retarded for the environment in which they will live after they leave the school. Some spend years in the school.

The school accepts retarded children from ages five on up; six who are still in the school are over twenty-one.

The school is now receiving help from the Department of Education (cont. page 3, col. 1)

BLOOD DONOR CLINIC MAKES QUOTA

Drayton Valley went over the top in its quota for the Blood Donor Clinic last Monday, March 23rd.

The quota was 300 donors; a total of 335 had given blood by the time the Clinic closed on Monday evening.

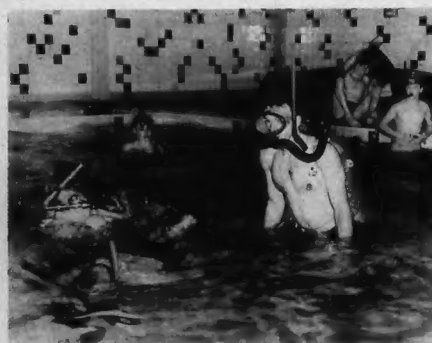

The Red Cross unit that came out here was unavoidably short of beds so the group that was taken through the Clinic on Monday afternoon and evening was just about all they were able to handle. In the evening session, particu-

larly, long lines stood, waiting their turn to donate. It is expected that next year the Red Cross unit will have more beds and will be able to handle a larger number of donors.

Mobil Oil Pagans Club again took the plaque for the largest number of donors registered for their group. Only one point behind was Drayton Valley Lions Club. At the Blood Donor Clinic last year also, the Mobil group beat the Lions by one.

SCHOOL PLAYS PRESENTED

"Two School plays put on by the Students Union of Drayton Valley High School provided good entertainment for those who were in the Elementary School Auditorium on Saturday evening March 26. One of the plays, "Dusty Valley" had been written by local talent. First play of the evening was "Meatwhale, Back at the Ranch", taking part in the play, as "Slim" was Vern (cont. same page, col. 4)

Skidnivers from Drayton Valley went into Edmonton to try their skill and new equipment in the Transcan pool. Nine adults and three juniors made up the Drayton Valley party that went in last Thursday.

Seen in the picture is Roy Cioch of the Royal Bank with the soccer, Ross Melton and Mike Holder. Skiddiving enthusiasts Curt Clauson took the picture.

District Personalities

Photo by Curt's Studio.

Mr. Leonard Bannard.

Born in London, England, Len Bannard came with his parents to Canada, settling in Edmonton, when he was two years old. Mr. Bannard, Sr., worked for the C.N.R. in Edmonton. Leonard attended school in Edmonton and lived there until he came to Drayton Valley five years ago.

After he got out of school he worked for the old Ramsey Department Store for three years. The T. Eaton Company later bought out the Ramsey store.

Following his three years in the mail order department with Ramsey Mr. Bannard went to work for Canada Dry Bottling Company in Edmonton, where he worked for eighteen years, doing just

SCHOOL PLAYS PRESENTED

Bartlett; "Bonny" was Jane Schoen; "Mr. Lash" Bryant Bennett. The parts as "The Cowboy" were played by Billy Bils, "Buck", Dickie Ferguson, "Tex", and Gary Bell, "Fido".

The second play, "Dusty Valley" had a much larger cast, consisting of Allan Lauder, as "Paw McCready", Paulette Meunier, "Maw McCready", Evelyn Ky-

nock, "Jeanie", Michael Davis, "Hank", Billy Hamilton, "Ted Jones", Jean Krenenberg as "Maw Jones", Nigel Kay as "Lab Jones", Bob Andersen as "John McCready", and Beverly Endicott as "Mary". Playing the part of Square Dancin were Cheryl McQuail, LeAnne Williams, Gayle

(cont. page 3, col. 1)

about everything there was to do around the plant except to drive a sales truck. From Canada Dry he went to the New Method Laundry, to manage their newly acquired laundry and dry cleaning plant in Western Canada. He managed the Alberta Laundry plant for eight years and then came to Drayton Valley to set up his own dry-cleaning plant in B55. The previous year he had started the laundry truck route in Drayton Valley from the Alberta Laundry, so he realized the potential of this area.

For the first three years he rented a shop, and then bought the former Drumstick Cafe building in 1958. Mr. Bannard is planning another expansion in the future when he will put in a Laundromat, with 15 units. The Laundromat will be open about eighteen hours a day, according to present plans. He purchased a house some months back and has plans complete for the new home; when it is completed Mrs. Bannard and the rest of the family will move from Edmonton to Drayton Valley.

Mr. Bannard married Miss Edith Pollard in Edmonton in 1938. They have four children, Gary, who is working with his father in the shop, Brian, Jack and the youngest, Janet, aged 11; the three younger children are all in school. Mr. Bannard has always been very "community-minded" since coming here and has given generously to many community projects.
